

Linda Wilson and Tara: Completing the Intake

Directions: Work with your small group to reach a consensus in responding to the following questions regarding the intake information on Linda Wilson and her daughter Tara.

- What collateral contacts will be made to gather additional information?
- What risk tag should be assigned to this case?
- What is your recommended response time to this referral?
- What type of referral is this?
- Do aggravated circumstances exist?
- Are any indicators of a knowingly false report present?
- Is a referral to law enforcement officials indicated?
- Are referrals to other services indicated?
- Should this case be closed at intake or referred for investigation?
- Are there any other actions that should be taken by the intake worker before closure or referral for investigation?
