

PRE-WORK

To better aid your participation in *Childhood Mental Health Issues: An Introduction to Child Welfare Professionals*; please take the time to complete the following tasks prior to attending the training.

- Briefly review of the Table of Contents of the Childhood Mental Health Issues Resource Book (on CD);
- Assess the prevalence of child/adolescent mental health issues on your caseload;
- Review a child/adolescent's psychological/psychiatric evaluation; and
- Review what mental health services are available in your county.
