Practical Parenting for School Age Children (6-11 years)

Competency: 305 – 1; 305 - 2

No. HRS: 6

Competency:

305 – 1 The child welfare professional is familiar with models of effective parenting, and can teach parenting strategies to parents by explaining and demonstrating parenting techniques, can support parents and try new strategies, and can refer parents to formal training classes or groups when needed.

305 – 2 The child welfare professional can identify parenting and discipline strategies which are appropriate for a child's developmental level and individual needs.

Learning Objective: Participants will be able to:

- 1) Assist parents in understanding their parental role for school age children
- 2) Demonstrate practical parenting approaches for school age children
- 3) Apply child development knowledge to parenting skills
- 4) Demonstrate effective and positive discipline techniques for school age children
- 5) Communicate best practice standards to parents about parenting school age children

Calendar Summary: Caseworkers often deal with parents who are frustrated, dislutional or at a loss over uncooperative, defiant, disrespectful or out of control behaviors of their children. This workshop is parenting skills as they relate to the developmental stages of school age children.
