Transfer of Learning Activities

Identify 3 new techniques you will use when you return to the office.

a.

b.

c.

1.) Which of these activities will you do when you return to the office? How?

2.) Conduct a home visit with a worker involved in an AOD case. During supervision, review the signs of AOD abuse that were observed during the visit. Educate the worker regarding how then can improve their observation techniques.

3.) Conduct a case review unit meeting discussing a case involved with AOD use/abuse.

4.) What resources/handouts will you share with workers when applicable?
