IDENTIFICATION OF RISK FACTORS

As you watch "The Unquiet Death of Eli Creekmore," please use this form to make notes on any factors/conditions that you believe increased or decreased the risk of abuse to this child.

At the conclusion of the film, we will be doing a detailed analysis of the case, and you will be asked to share some of your ideas with the class. As the film is approximately 35 minutes, you will need to keep notes so nothing is forgotten.

1) Identify both the protective and risk factors presented in the movie.

2) Use your skill of Tuning in to Self to identify your emotions related to the events in the movie. How do you think your emotions could impact on your intervention?

3) Use your skill of Tuning in to Others to identify what Mary and Darren may be experiencing. What do they need from the caseworkers involved with their family?
