

Regional Safety Assessment Trainings

The following dates have been scheduled to provide Safety Assessment training, Development of Trainers sessions, and Training on Content sessions across the commonwealth. The Safety Assessment training is a three-day training. County Safety Leads must attend all three days in succession.

The Training On Content sessions will be conducted via WebX. Both the Safety Assessment and Training on Content Session are mandatory.

The Development of Trainers sessions are optional to experienced trainers and mandatory for new trainers.

Please send your registration information to:

Attn: Brandie Gilbert
403 East Winding Hill Rd; Mechanicsburg, PA 17055
Fax: (717)795-8013
Email: bms27@pitt.edu

As with other trainings, you will receive a Confirmation Letter via email prior to the training session which will confirm the date, time, and location of the event.

400 Penn Center Blvd., Bldg #4, Suite 412
Monroeville, PA 15146
(412) 816-1800

Information on Webex

Webex is a comprehensive online meeting center which allows users to share applications, web browsing, audio, and video. It doesn't require the users to download or install anything to join a live meeting, just an internet connection and telephone (preferably a speaker phone). Webex allows for 15 connections per meeting, and can actively broadcast 6 webcams as well.

After registering for a Training on Content Session, you will receive specific information about the webex session you have signed up for. To join the webex meeting, simply follow the instructions embedded in the e-mail.

It's recommended that each participant joins the meeting at least 10 minutes before the start time, as the meeting manger takes a few minutes to load up. Once the meeting center is loaded, a pop-up screen will appear asking users to dial in with numbers provided (this facilitates the audio portion of the meeting).

County Safety Leads joining the meeting won't incur any costs for the telephone portion of the meeting as it is set up "toll free". The Training Program has begun using webex in an effort to cut down travel costs, reduce "time spent on the road", and offer online trainings, meetings, and webcasts. Our hope is that each County embraces the use of webex in an effort to cut their costs as well.
